H.O.C. LOOPS AND LATTES HIKES 2018

Nicola Ross' hiking guide book "Halton Hikes Loops and Lattes" describes 37 loop routes that will appeal to all levels of hikers. 'Loop' hikes all begin and end at the same location so no need for shuttles or doubling back on your hike. The 'latte' refers to the author's dedication to suggesting local hot spots near each hike to pick up a good cuppa coffee!

HOC is offering our members a series of hikes based on loops from this book. Over the course of last year and this year, our goal, as a club, is to complete all the hikes in this book. The hikes occur on a consecutive Saturday and Sunday once a month, starting in May and ending in December. There is no cost to go on a hike and you do not need to buy a book although you might like to.

No Registration is required. The remaining hike details will be published as soon as they are available. Please check back here.

Sat May 12th #12 Erin Village Loop
This 8 km loop hike will take approximately 3.5 hours and is at a leisurely pace over easy terrain. There is no dropout point.
There will be a refreshment/pub stop afterwards.
Depart: 10:00 am Parking lot for the Elora Cataract Trailway. To get to it, turn east from Main St. onto Ross St. near the north end of the village of Erin. Please be ready to start hiking at 10-00 a.m.
Directions: Allow at least an hour to get to Erin from the Burlington Area. You can go straight up Trafalgar Rd and turn right onto County Rd 124 into the village. There are other ways quicker by a few minutes, consult your map or GPS.
There's a Tims just a little north of the trailway crossing which you might use just before the hike or have breakfast at one of the local restaurants.
This village tour takes in some rail trail, old and new homes, a climb to the water tower, an old mill and flume, millponds and Main street. Bring a lunch. We can go for an ice cream or a Latte at the end of the hike.

Sun May 13th # 8 Rattlesnake Crawford Lake loop 12.9k
This 13 km loop hike will take approximately 4 hours and is at a brisk pace over moderate terrain.
No dogs please. There will be a refreshment/pub stop afterwards.
Depart: 10:00 am The lower parking lot just inside the Conservation Area gatehouse. Don't go up the hill to the upper parking lot. There are washrooms both in the parking lot and at the Visitor Centre. There is an entry fee or use your HCA pass. Hike starts at 10-00 a.m.
Directions: The entrance to the Conservation Area is east off Guelph Line about 2km north of Derry Rd. Allow 30 minutes to drive from the Burlington area.
Hike from Crawford Lake to Rattlesnake Point and return via the floor of Nassagaweya Canyon. Bring a lunch. We can go for refreshments at the end of the hike in Campbellville.
