August 16-18th, 2019

Cyprus and Cameron Lakes are part of the Bruce Peninsula National Park. The two lakes link into each other. At the end of Cyprus, we will land our kayaks and hike to the beautiful Grotto. If you have never been to the Grotto, this is a great way to enter the park and gasp at the beautiful view of the wind and wave action along the limestone coast of Georgian Bay. We plan to paddle through both lakes, hike on Saturday and then make our way down to Lake Eugenia on Sunday for a paddle through Grey County's gem. Key lead is Liz Burnato
