11. Click "Register". This time, in the email field, replace your email with the email address of the other member you want to register.² Follow the suggested actions on the screen. i.e. click "Next" or click the "New Registration" button. Choose "Member" registration type. Auto-fill should take over and fill in the data on the registration form based on the email address given if both profiles are complete.
12. Continue to the Payment Screen and this time complete payment for the two registrations – (unless you have an HOC credit to use.³ In that case cancel out of the payment screen again and return to your Profile "Invoices and Payments" link)

If the trip is full you will be offered a chance to go on the Wait List.

Important: You need to make a payment for your registration to be complete. Registration is not confirmed until full payment has been received. To cancel a registration, contact the club office. There is no self-serve cancellation option.

² Your spouse / family members must be listed as Family Bundle members on your profile for them to receive the member rate. For Auto-fill to work, all their data should be in their profiles. Don't use the guest feature or they will be charged at the Guest rate.
