

Coming Spring 2022...Recreational Kayak Program

Active and Energized Together Outdoors, the Halton Outdoor Club is proud to announce the *Recreational (Rec) Kayak Program* this coming season!

This is super exciting for our Club members who own a recreational kayak and want to paddle along the shorelines of rivers and interior lakes throughout south western Ontario with fellow club members.

SNEAK PEEK

- The program will begin with both indoor pool (May 15th) and outdoor lessons (Kayak Rodeo June 25-26th) where participants will be able to learn basic recreational kayaking skills, required to join upcoming Recreational paddling events
- Recreational specific day paddles and weekend trips
- Access to multiple outdoor workshops
- Combined sea kayak and recreational kayak paddle outings
- And more!

REQUIREMENTS

- Recreational kayaks: 12 feet long or less, with one or no water tight compartments. (Inflatable kayak designation, Fold-up or Sit-on-top acceptable)
- Safety is paramount for all paddles – mandatory wet exit experience within the last 12 months (hint, hint, this will be covered during the Recreational lessons, so make sure to sign up)

STAY TUNED...Check the Halton Outdoor Club website and calendar of events for more details, and to register for lessons, paddles and workshops.
