

## **Bus Procedures for 2022/2023**

- Participants will wear a face mask while on the bus. Face masks may be removed, briefly, if you are eating or drinking.
- We recommend that participants use medical grade masks, such as N95 or KN95.
- We advise members to distance responsibly when loading the bus.
- We ask that Bus Captains recommend to members that they keep masks on while unloading, due to the congestion during the unloading process.
- The Club will have masks on hand to offer if participants forget.
- If sick, we ask that members stay home. The Club will refund last minute cancellations due to illness.
- Collection of cash, on the bus, will be kept to a minimum.
